**PETITIONING THE COURT**

**To incorporate the violation(s) contained in this petition in future proceedings with the violation(s) previously reported to the Court on 09/21/2015.**

The probation officer believes that the offender has violated the following condition(s) of supervision:

<u>Violation Number</u>	<u>Nature of Noncompliance</u>
-------------------------	--------------------------------

3

**Special Condition # 14:** You shall abstain from the use of illegal controlled substances, and shall submit to testing (which may include urinalysis or sweat patch), as directed by the supervising officer, but no more than six tests per month, in order to confirm continued abstinence from these substances.

**Supporting Evidence:** Heidi Elliott violated the conditions of her supervised release in Spokane, Washington, on September 28, 2015. On September 29, 2015, the undersigned officer received notification from Alcohol Drug Education Prevention and Treatment (ADEPT) that Ms. Elliott failed to appear for a random urinalysis test on September 28, 2015.

It is noted, that a lab confirmation report was received pertaining to a urine sample collected on September 16, 2015. The report confirmed that the specimen was a dilute specimen with invalid specific gravity levels. Additional information from the lab indicates the gravity levels of the urine could be the result of the offender either adding something to her urine, consuming something to adulterate the sample, or putting a lot of effort into flushing her system prior to providing the sample.
